Development and Approval of Handbooks

Handbooks stating current rules and regulations shall be prepared for school personnel, students, and parents for use in the schools. These handbooks shall govern the conduct of students and personnel and contain such rules and regulations as shall be needed or required. These handbooks are not all inclusive in their delineation of work roles, conduct rules or other regulations. Copies of the handbooks shall be approved prior to the opening of school by the Board of Education.

Though written by the administrative staff, material of this nature shall be considered an extension of Board policy and shall be adhered to as such. Additions or deletions that may be necessary shall remain in force until acted upon at the next meeting of the Board.

The contents of this handbook have been adopted by the Board of Education and are presented as a matter of information. Material include in this handbook is considered an extension to the school board policy. The school district reserves the right to modify, revoke, suspend, terminate or change any of all such plans, policies, and procedures in whole or in part, at anytime with or without notice.

Appearance

Student appearance has an important effect on attitudes toward themselves, toward other students and the school. While it is recognized that choice of attire/grooming are matters of expression and subject to fashion or current trends; any form of dress that is determined to interfere with the educational process or could cause injury to one's self or others is prohibited.

As styles become shorter, lower and more revealing, we feel that we need to be clear about appropriate dress for students at school. Clothes should not be a distraction; any dress that interferes with the educational process will not be permitted. Tops that are worn must not be lower in the front than the tops of their armpits. If a student has a low cut top that they would like to wear, a tank top or tube top must be worn underneath it. This means tops that dip down in the front to expose the chest will not be permitted.

Appearance (Cont.)

If the student cannot keep their top up above this area, they will be asked to change to an acceptable top. Bare midriffs (or backs) are not to be exposed either. One of the new fashions is the low rise jean; nevertheless, students need to wear tops that cover their skin. Tunic tops (long shirts), wearing a tube top around the waist, or wearing button up shirts with the bottoms buttoned are some things that students can do to fix this. Shorts for both males and females must also be appropriate. Short shorts and skirts are not permissible. Length of shorts, skirts and dresses must be long enough so the tip of the longest finger does not touch the skin. Transparent, mesh and/or see through material shall not be worn without proper undergarments. No sleepwear. Hair color shall not interfere with the educational process. Shorts and pants must be cinched and worn at the waist. No exposed undergarments. It is necessary that males and females need to keep their undergarments under their clothes. It is not appropriate to have underwear strings, sides or tops of underwear hanging out. It is embarrassing for both the student and staff and other students. Similarly, apparel with alcohol, tobacco, ethnic or racial slurs, or references to sex are not appropriate for school. Additional examples would be: obscenities or promotion of obscenities, questionable language, double meaning statements, disparaging or demeaning comments such as racial, religious, sexist, or ethnic statements, or advocating pain, death, suicide. Intentionally altered clothing, ripped, unbuttoned or unzipped and ill fitting garments, too tight or so loose that they are falling off are not acceptable. Bare feet or stocking feet are not allowed. Shoes or proper foot apparel are required. Sunglasses, hats including other headgear (bandanas), coats/jackets, and excessively ripped or torn clothing may not be worn during the school day.

**If a student attends school wearing clothing that does not follow the school dress code, that student will be asked to change. Non-compliance will result in notification of parents and disciplinary procedures. Temporary clothing may be available and continued violations will be treated as an offense subject to detention or suspension.

Assemblies

All-school assemblies are scheduled for your enjoyment and education. Our conduct during assemblies will be courteous at all times. Unacceptable conduct will not be tolerated and will be dealt with appropriately. Prior to most assemblies students will report to their homeroom. Unless otherwise directed, textbooks, jackets, and other materials are to be left in the homeroom. Purses and billfolds should be kept with the student. Students will sit with their homeroom teachers at assemblies in the designated areas.

Assignment Notebooks

In order to assist students with their academic classes, each student will be issued an assignment notebook at the beginning of the year. This notebook will help develop good study habits and therefore encourage students to complete all assignments on time. Students must take their assignment notebooks with them to every class, including study hall, and should write assignments from each class. Parents are encouraged to check their child's assignment notebook every week, and sign the notebook, indicating they have seen the weekly assignments. A replacement assignment notebook is available for \$4.00. Assignment notebooks contain the passes necessary for the student to be allowed to go to their locker or the restroom during class times.

Athletics/Activities

WIAA sports are provided for seventh and eighth grade students (football, wrestling, basketball, volleyball, cheerleading, track, girls' softball, and boys' summer baseball. Student participation is governed by the WIAA and Unity Middle School Athletic Code. Specific information regarding these programs will be provided in special meetings with our coaches. Intramural sports are provided for fifth and sixth grade students, depending upon interest. Students must have a signed parent / student sign-off sheet on file before practicing in a sport.

Unity Middle School also offers numerous co-curricular activities which are open to all interested students. If offered, O/M and Planet Unity are available to 5th through 8th grade students. Drama and Forensics are open to interested 6th through 8th grade students. Unless a student is in an organized and supervised activity, he/she is to be out of the building by 3:40 p.m. and may be asked to leave the buildings and grounds if found in violation.

Attendance

SS 118.15, SS 118.16, Polk County Resolution 55

Regular and punctual attendance is essential to a student's success in school. School district compulsory school attendance requirements are mandated by State Statute 118.15 and 118.16.

Excused absences are limited to those permitted by State Statute 118.15 (3) (4), Board of Education Policy, and those for which administrative approval has been granted.

The school principal is designated as the person to serve as the building attendance officer dealing with matters related to building school attendance and truancy. Age requirements, provision for excuses from school, as well as released time for religious instruction are as established in state statutes. Implementation of this policy shall be in accordance with Board adopted administrative guidelines.

"Truancy" means any absence of part or all of one or more days from school during which the school attendance officer (building principal) has not been notified of the legal cause of such absence by the parent or guardian of the absent pupil, and also means intermittent attendance carried on for the purpose of defeating the State Statutes on attendance. SS 118.15

"Habitual truant" shall mean a pupil who is absent from school without an acceptable excuse for part or all of 5 or more days on which school is held during a school semester. (WI act 239 6/18/98)

"Acceptable excuse" shall mean an acceptable excuse as defined in Sections 118.15 and 118.6 (4), Wisconsin Statutes. The school attendance officer (building, principal) shall determine daily which pupils enrolled in the school are absent from school and whether that absence is excused. Ss118.16 (2a)

A student may be required to bring a doctor's excuse for three or more consecutive days of absence or for five days of illness in a semester. Penalty, upon finding that a child is habitual truant, the Polk County District Attorney's Office shall enter an order making one or more of the following dispositions:

Contributing to Truancy, Truancy, Habitual Truancy

1. No person shall, by any act or omission, knowingly encourage or contribute to the truancy of a person under the age of eighteen (18) years of age as defined under Section 118.16 (i) [c], [Wisconsin Statutes, 1999 – 2000].

- A person guilty of this violation shall be subject to forfeiture of \$50.00 plus costs of each offense.

2. No person under the age of eighteen (18) years of age, who is a resident of Polk County or who attends a public school situated in Polk County shall be truant.

- A person found to have violated this ordinance shall be subject to a forfeiture of \$50.00 plus costs for the first violation, or a forfeiture of \$100.00 plus costs for any second or subsequent violation committed within twelve months of previous violation. All or part of the forfeiture plus costs may be assessed against the person, the parents or guardian of the person, or both.

3. No person under the age of eighteen (18) years of age, who is a resident of Polk County, or who attends a public school situated in Polk County, shall be habitually truant.

- A person found to have violated this ordinance shall be subject to a forfeiture of not more than \$500.00 plus costs, subject to section 938.37 [Wisconsin Statutes, 1999 - 2000]. All or part of the forfeiture plus costs may be assessed against the person, the parents or guardian of the person, or both.

Attendance

Consequences

Unless the office has been notified of the reason for an absence, an unverified absence will be changed to an unexcused absence after three days. Unexcused absences will count against fieldtrips, dances, and other criteria activities.

Tardy: A student who arrives at school after the second bell (8:25am) will be considered tardy. If the reason is unexcused, the student may receive a detention. Numerous tardies may result in a truancy referral.

Homework During Absences

Excused Absence:

The student will have two days to make up schoolwork for each day of absence; the student may receive more time at the discretion of an instructor. Unity Middle School will send homework with any parent who:

1. calls early in the morning for assignments
2. makes arrangements to pick up the assignments

Unexcused absence:

Unless the office has been notified of the reason for an absence, an unverified absence will be changed to an unexcused absence after three school days.

****A student will have the opportunity to make up work missed but will not receive credit for this work.**

Phone calls after 7:30 a.m. to inform the school of absences are appreciated and will take the place of a written note from the parent or legal guardian.

Attendance

Specifics Regarding Attendance

- Students who become ill the afternoon of a school day may not attend after school and evening events.
- A tardiness detention may be delayed for extremely valid situations.
- Students suspended from school are also suspended from all after-school and evening school events on those dates.
- Tardiness and student attendance automatically becomes part of the student's permanent record.
- Reporting of absence to the school shall be made preferably via the telephone between the hours of 7:30 and 8:30 a.m. Advance absence may be reported to the school via a note from home.
- Students absent from school for a planned excused absence may attend evening events.
- Athletes returning from a late away game are expected to be in school on time the following day or risk being suspended from practice that day.

Students who are excessively absent will be dealt with according to the laws of the State of Wisconsin, Polk County and the school rules of Unity Middle School.

Contributing to Truancy (941.16)

(1) Except as provided in sub. (2), any person 18 years of age or older who, by the act or omission, knowingly encourages or contributes to the truancy, as defined under s. 118.16 (1) (c), of a child is guilty of a Class C misdemeanor.

(2) Subsection (1) does not apply to a person who has under his or her control a child who has been sanctioned under s.49.50 (7) (h).

(3) An act or omission which contributes to the truancy of a child, whether or not the child is adjudged to be in need of protection or services, if the natural and probable consequences of that act or omission would be to cause the child to be truant.

Student Use of “Beepers” (Policy JFCK)

Student use or possession of “beepers” (e.g., electronic paging or two-way communication devices) in the Unity School District is prohibited in school buildings, on school grounds, and in school vehicles. However, the building principal is authorized to permit a student to use and/or carry a “beeper” for medical, school, educational, vocational or other purposes as deemed appropriate.

Cell phones and other communication devices must be turned off and stored in a secure locker from 7:45 a.m. to 3:35 p.m. Students violating this Rule or Policy shall be disciplined in accordance with established procedures; confiscation, conference, detention, or suspension.

Cases Not Covered By Specific Rules

It is understood that these rules are not all inclusive. The administration shall take such action as is necessary and not forbidden by law to insure the discipline and orderly conduct of the school. Action may be taken with respect to any offense which interferes with the orderly conduct of the school or which impairs the usefulness and well-being of the school regardless of the existence of a rule covering the offense.

Note: Infraction of the policies, regulations, and related rules of Unity Student Handbook may also cause the student(s) to become ineligible for athletic competition and/or awards under the current WIAA Rules of Eligibility and the Unity Middle School Athletic Code.

School Meetings With Students

For a school to function effectively educationally, it may be necessary that students meet periodically with the school principal. Discussing behavior, reasons for behavior, consequences, and circumstances regarding school incidents are a natural occurrence. School officials reserve the right to meet with students and impose consequences for their choices as is necessary. If students are given a consequence, communication with parents regarding these meetings may occur, and will most likely be in writing unless immediate communication is warranted.

Dangerous Weapons in School

It is the policy of the Unity School District to provide a safe and healthy environment for all persons on its premises or attending any of its activities or functions. To aid in reaching that goal, the district shall strictly enforce a policy that no one shall possess, use or store a weapon or look alike weapon in or on school property, on school vehicles or at school related activities. Video surveillance may be used to enforce this policy.

The possession of a dangerous weapon or look alike weapon on school premises, in a school vehicle, at a school event or other setting under supervision of a school setting is prohibited except as otherwise specifically provided. "School premises" includes any school building, grounds, recreation area or athletic field, or any other property owned, used or operated for school purpose or administration.

"Dangerous Weapons" is defined in detail below.

A "dangerous weapon" or look alike is also defined in state statutes and generally includes any object which, by the manner in which it is used or intended to be used, is capable of inflicting harm or could pretend to be capable of inflicting bodily harm or endangering the health and safety of student or staff. Ammunition and explosives are included within the weapons category.

A person found in violation of this policy may be subject to a criminal misdemeanor or felony charge. A child in violation of this policy is subject to the provisions of Chapter 48 of the Wisconsin Statutes unless jurisdiction is waived to the adult court.

REGULATIONS:

II. PROCEDURES FOR CONFISCATION WEAPONS

Disciplinary measures taken will be the responsibility of the building principal.

General school personnel may attempt to confiscate the dangerous weapon or look alike but are not to do so at the risk of danger of injury to themselves, student, or other school personnel. School personnel may use reasonable and necessary force in securing a dangerous weapon or look alike weapon from a student: (1) to quell a disturbance or prevent an act that threatens physical injury to any person; (2) to obtain possession of a weapon or other dangerous object within a student's control; (3) for the purpose of self defense or the defense of others; (4) to prevent a student from inflicting harm on himself or herself; (5) to protect the safety of others.

DISCIPLINE: ONE-YEAR EXPULSION

If a student is found to be in possession of the following type of weapon on school premises, the student shall be expelled from school for a period of 12 months.

Any weapon which will, is designed to, or may readily be converted to, expel a projectile by the action of an explosive; the frame or receiver of any such weapon; any firearm muffler or firearm silencer; any explosive incendiary, or poison gas; bomb, grenade, rocket having any propellant charge of more than four ounce, missile having an explosive or incendiary charge of more than one quarter ounce, mine, or similar device; any weapon which will, or which may be readily converted to, expel a projectile by the action of an explosive or other propellant, and which has any barrel with a bore of more than one half inch in diameter; and any combination of parts either designed or intended for use in converting any device into any destructive device described in the two immediately preceding examples, and from which a destructive device may be readily assembled.

The appropriate due process expulsion procedures must be followed prior to the expulsion. In addition, for student with disabilities, the appropriate state and federal procedures will be followed. The District Administrator may, on a case by case basis, recommend an expulsion for a period of time other than one year for a student.

Questioning By Police

A cooperative effort shall be maintained between the Principal/Staff and law enforcement agencies. It is paramount that the rights of the school, home, the civil authorities and that of the individual be clearly understood and protected.

Questioning By Police (Cont.)

The questioning of students by police officers about illegal activities shall be approved provided the following conditions are met:

1. The Principal has been informed.
2. The officer(s) report to the Principal's office.
3. Permission of the parent(s)/guardian(s) has been obtained and their presence is invited, or:
4. If parents cannot be located and a reasonable effort was made to reach them, Law Enforcement/School Administration will determine if the questioning will take place.
5. The questioning is conducted in a private room out of view and hearing of students and school personnel.
6. If the officers are called by the school, the Principal may be present during the questioning.
7. The student is advised of his rights by the officer.

Definition of Consequences for Behavior Code Infractions

Probation

A student may be placed on conditional enrollment during a trial period. Parents are to be apprised of both the time and conditions of each probation. Students shall be required to be in attendance and meeting the conditions set forth for a fixed period of time.

Temporary Exclusion (appropriate to case)

A student may be excluded temporarily from all or part of the school building or grounds, pending a parent conference, when an emergency situation requires the immediate imposition of this restriction. Temporary exclusion may be employed for a period of time not to exceed one full day following the day of exercising the measure. If the condition of temporary exclusion, such as conferencing with the parents is not met within the time limitation, the student is to be reinstated in school unless a formal suspension is initiated.

Consequence Definitions (Cont.)

Suspension (appropriate to case)

A student may be denied access to any or all parts of the school and any instructional services for a set time period. In all cases of suspension, the principal must promptly report the facts to the superintendent and the parent/guardian of the student. Suspension may not be effected for an indefinite time period. The maximum period of time for suspension effected by the school principal may not exceed five (5) school days per offense.

In all cases of suspension, the principal is to communicate in writing the term of the suspension (not to exceed five days) and provide a summary to the superintendent.

MIDDLE SCHOOL BEHAVIOR CODE

School is a place in which good behavior is needed in order to make it an enjoyable and meaningful experience. We believe learning thrives in a safe, caring and disciplined environment. All students are expected to comply with the classroom, cafeteria, hall, bus, and playground rules and guidelines. In order to provide this positive learning climate for all students and teachers, it is appropriate to have a fair and consistent discipline policy. This is also an area that parent support and assistance can be most effective in changing a student's unacceptable behavior. The Unity School District believes that the student, parent and school share the responsibility for a successful educational experience for all students. Bus Rules and Safety Recommendations

General

A. Parents and students must realize that the school bus is an extension of the classroom. The bus driver, as the teacher in the classroom, has the responsibility for the safety and welfare of the student while under his/her charge.

B. Parents and student must also realize that school bus transportation is a privilege, not a right. Misbehavior of any kind, therefore, cannot be tolerated. Students who misbehave can be denied the privilege of riding the bus. All bus rules and regulations apply to any trip under school sponsorship.

C. Only employees of the Unity School, members of the Board of Education or persons requested by the school will be allowed to ride school transportation.

D. Students may only ride the bus to which they are assigned. Similarly, students may only board or depart the bus at the location of their scheduled stop. Students wishing to be picked up or dropped off at a different location should bring a signed, dated note to that effect, with a legible address, to the student's office at least a day in advance if possible. They may then be issued a blue permission note to be given to the driver when they board the bus, space permitting. The school reserves the right to deny a request for a changed stop based on road safety concerns, available bus space, and rider privileges.

Students going to a school activity by bus will return by bus unless parents request to the supervisor of the activity, in writing, that their child, and their child only, returns with the parent.

Bus Rules (Cont.)

Parent Responsibilities

A. Pupils shall ride assigned buses. Pupils will board and disembark from their assigned bus at selected designations. A written request from the parent and permission granted by the building principal must be presented to the bus driver if a student is to be let off at other than the regular stop. Students will not be allowed to ride a bus other than their assigned bus unless it is an emergency and written permission is granted by the principal. Parents will assume the responsibilities for the child when such a request is made and granted.

Requests for permanent changes in bus assignment must be made in writing to the Transportation Director.

B. Parents are encouraged to contact Steve Strilzuk, Director of Transportation, 825-2101 ext. 5050, regarding any problems with school bus transportation. It is imperative that parents, school officials and bus drivers work cooperatively to solve any problems, thus providing a safe ride.

C. Exclusion from bus privileges does not excuse the student from meeting the legal requirements of compulsory school attendance, as defined in Wisconsin statutes.

D. The parents may appeal the suspension of bus privileges to the principal of the school, the Superintendent of the District, and the Board of Education, in that order.

E. The Board of Education shall have the final decision in all cases called to its attention. Such decisions shall follow a hearing held with student, parents, and school authority.

F. Parents and other drivers should not follow a school bus without first notifying the school bus driver. When an unidentified vehicle follows a bus, the appropriate measures will be taken to notify authorities to provide a safe environment.

Grades/Report Cards/Progress Reports

We believe communication with a student's parent/guardian regarding progress is an important component of the parent/school partnership. We provide eight reports (progress/grades) and schedule two parent/teacher conference times throughout the year. We also rely on students and parents to communicate with each other on academic progress. Parents will receive progress reports from all classes before the completion of the fifth week of each quarter. First and third quarter grades may be given in conjunction with parent/teacher conferences.

Middle School Grading

Middle School Grading Scale:

A =	100-90	- Exceptional

C =	79-70	- Average
D =	69-65	- Below Average

- Any grade less than a 'C' is not acceptable at Unity Middle School.

Additional time, guidance and reflection will be provided after school for those students that need it in the form of the Students and Teachers After-school Remediation Together program (START).

General Student-Student Harassment

Procedures for students to follow:

Step 1: As soon as a harassment incident is identified, the student **MUST** confront the student and either tell him/her or put in writing that the incident was offensive, inappropriate, embarrassing, or unwanted and that this type of action is to cease. An exception to this rule is when the incident is observed by an adult (teacher) who will confront the student in violation OR if the violation is serious, it must be reported immediately. The principal is to be informed of the incident and action taken.

Step 2: If, after the student has confronted the perpetrator and the incident re-occurs, the student is to report this incident as soon as possible to one of two equity officers (school counselor or school principal). The longer time elapses between the incident and the reporting of it makes it more difficult to process. Initial action against the perpetrator is for the perpetrator to cease the type of harassment being reported. If the case is of a more serious matter, the student will face school disciplinary punishment. If the incident is determined to be a re-occurring violation, the student may be assessed school detention, suspended from school with a mandatory parent - principal - student conference, may be referred to Community Human Services or to law enforcement depending upon the severity of the re-occurring incident.

Step 3: If the incident re-occurs again and for all future violations, law enforcement will be brought in and charges will be requested by the equity officer. Persistent violation could also result in an administrative recommendation of expulsion.

General Sexual Harassment

TYPES: Verbal, non-verbal or physical:

If the victim finds any of the above offensive, uncomfortable, unwanted or embarrassing, he/she must act in the following manner. In addition, if a third party finds the actions of others offensive, this should be followed up as follows:

Step 1: The victim initially must confront the perpetrator, either verbally or in writing, and inform the perpetrator that the incident is offensive, unwanted, etc. and that the action is to stop. If the incident is observed by an adult, the adult is to act on the incident as soon as practical and inform the principal what occurred and what action was taken.

Step 2: If another act of sexual harassment occurs, whether with the same victim or another victim, it must be reported to an equity officer as soon as possible. The perpetrator will be informed by the equity officer that this sexual harassment must cease immediately and the perpetrator must have no contact with the victim nor may friends and/or fellow students harass the victim in the perpetrator's behalf. Parents of the perpetrator will be informed, in writing, as to the nature of the incident and the action taken.

Step 3: If still another act of sexual harassment by the perpetrator is reported, this will result in an automatic referral to Polk County Human Services or law enforcement, depending upon the nature and severity of the incident. School administration may also choose to impose school disciplinary measures in addition to the outside agency referral. Parents of the perpetrator will be informed in writing as to the nature of the incident and the action taken.

Notes:

1. If the incident falls under Wisconsin Statutes concerning sexual abuse/assault, this incident must be reported to Polk County Human Services immediately for investigation.
2. In processing both sexual and general harassment complaints, First Amendment rights shall be taken into consideration.

Sexual Harassment (Cont.)

3. Normally, only harassment directly affecting the victim will be processed. Second hand information is generally not allowed.
4. In the event there are no witnesses to the incident or if the equity officer feels that there is not enough evidence, no action may be taken concerning the incident.

Health Services

The Unity School District is fortunate to have full time health services. Students should report illness or injuries to their teacher when possible, but if serious situations arise, report directly to the office or principal. The office secretary or principal will issue passes to the students to go to the health services office. Students are NOT to report directly to the health services office. Parent/relatives/designees will be notified in case of emergencies to assist with appropriate medical decisions. If a parent/guardian, relative, or designee can't be contacted by phone, the nurse or principal will arrange for transportation to a clinic or hospital if necessary. An emergency card will be provided to all students on the first day of homeroom. Please complete and return the card and notify the office of any address or telephone changes that occur during the year.

1. Parents should notify the health services office of any health conditions that could affect the behavior or wellness of their child.
2. Student accident insurance is carried by the Unity School District and it will apply in most cases toward payment of medical costs beyond that covered by your family policy. Contact the nurse to fill out an accident report. (See Student Accident Insurance insert at back of this booklet.)
3. Students suspected of carrying a communicable disease will be excluded from school until a doctor's note is received stating that re-entry to school is approved.

Health Services (Cont.)

If you feel your child is on medication prescribed by a physician that needs to be given at school you must:

1. Send the medication in the original pharmacy container with the child's name on it, the drug, the dosage, and the physician's name.
2. Send a note signed by the parent/guardian permitting the school to give the medication as the doctor has ordered. (See form at end of handbook).

If you feel your child will need "over the counter" medication while at school you must:

1. Send the medication to school with your child with his/her name on it.
2. Send a signed dated note listing your child's name, the medication to be given, when it should be given, and amount to be given.

Whenever possible, medications should be kept in the middle school office or health services office. Students should not keep medication in their lockers.

The school does NOT provide cough medicine or decongestants. A non-aspirin pain reliever is available, but is only given with prior written permission from the parent/guardian or with verbal consent over the phone from the parent/guardian when your child unexpectedly needs it during the school day. If your child needs a non-aspirin pain reliever on a planned basis, this should also be provided from home. The school nurse is responsible for the administration of medication. If the nurse is unavailable, the secretarial staff is trained to administer medication. Students in third grade and above may be directed by parents/guardian to self administer medications. Parent/guardians would need to send the exact amount of medication per dose and instruct their child regarding safety and use.

The school nurse is the appointed custodian of the pupil health care records. All requests for the inspection of pupil health care records shall be directed to the school nurse who will then determine whether inspection is permitted under the records policy. Pupil health care records are made available to licensed district employees and officials who have been designated by the Board to have legitimate education or safety interests in pupil health care records. Confidentiality will be maintained.

Maintenance of Pupil Health Care Records

1. The Board of Education recognizes the need for maintaining the confidentiality of pupil health care records as required by 118.125 of the Wisconsin Statutes and the Family Educational Rights and Privacy Act of 1994. The Board of Education appoints the school nurse as the custodian of pupil health care records, who will be responsible for the overall direction and supervision of pupil health care record keeping in the district, and will ensure that policies in regard to pupil health care records shall be adhered to. In her absence, the building principal or his/her designee shall serve as custodian of pupil health care records.
2. All requests for inspection of pupil health care records shall be directed to the school nurse, who will then determine whether inspection is permitted under this policy. Pupil health care records shall be made available to licensed district employees and other district officials who have been designated by the Board to have legitimate educational or safety interests in the pupil health care record information shared with them in the interest of education and/or safety.
3. The building principal or school nurse will respond to a request for inspection without unnecessary delay and in no case more than 45 days after the request is made.

Inclement Weather

We will attempt notification of school closing due to inclement weather before 6:00 a.m. Some weather circumstances prevent the school from making this decision by 6:00 a.m. We encourage you to stay tuned to one of the radio or television stations for school closing or delay.

IMC/Library Computer Lab

The Middle School IMC and Computer Lab exist for the benefit of all students. The librarian and educational assistants are available to help you with academic work, recreational reading, and computer use. Students must obtain permission from study hall teachers or computer lab supervisor to use the IMC or Computer Lab. Please follow directions from the librarian or educational assistants. Students are welcome to use these facilities if appropriate behavior is demonstrated. Students may use the IMC before school or during recess if permission is granted from the office.

Lockers

Each student will be provided a locker in the middle school for books and coats. Lockers are furnished for student use only and remain the property of the school. Students are responsible for the condition of the locker and must keep lockers free of written marks and tape inside and outside. It is suggested that students use magnetic devices (magnets) rather than tape on the inside. Students with lockers needing cleaning or minor repair may be assessed a fine from \$7.00 - \$25.00. It is each individual student's responsibility to insure no valuables are left unattended in his/her locker. We recommend that items of significant value not be brought to school. The school is not liable for personal valuables lost or stolen.

Students are not to exchange lockers or share lockers. Students should not share their locker combination with anyone.

Lockers (Cont.)

Even though a student has the right of expectancy of privacy in person and possessions, the school reserves the right to inspect his/her locker under the following conditions:

1. Safety of others.
2. Suspicion of weapons.
3. Reasonable suspicion of civil problems.
 - a. Drugs.
 - b. Liquors and/or malt beverages.
 - c. Explosive material.
 - d. Pornographic or obscene material.
 - e. Stolen property.

The locker remains school property and periodic locker checks may be held at the discretion of the principal. Any unauthorized item found will be confiscated.

Canine searches by the Sheriff's Department will be conducted at the request of school officials to insure a drug free school building.

Nuisance Behavior and Items

To promote the educational process without undue distraction and to safeguard the health and safety of others, the following behaviors will not be tolerated in the building or on the playgrounds: colored hair, spitting, pushing, shoving, tripping, running, wrestling, perfume fights, leaving black heel marks on floors, yelling, loud noises, bomb threats, etc. And the following items are not allowed: aerosol cans of hair color, perfume or silly string, skateboards, squirt guns, exploding pens, snowballs, Walkman, boomboxes, MP3 players, video games, gum, food in lockers not intended for lunch time, open soda in the halls, candy, toys, collectible cards, fire crackers, wallet or neck chains, animal collars, or other items deemed inappropriate or disruptive. Nuisance items will be confiscated. Depending on the severity of the behavior or the extent to which the nuisance item is objectionable, the consequences could range from a warning to expulsion.

Parent Involvement

Good schools exist only with parent involvement as stated in our district Belief statements. We believe the student, family, school and community as partners share the responsibility for a successful educational experience. Middle school students need parent involvement with study skills, structured and positive study habits, adequate rest and proper nourishment. Parents are asked to show an interest in their child's work by discussing and reviewing projects, assignments and other homework. Parent concerns/complaints are welcomed if they are meant to achieve positive results. The classroom teacher is normally the first point of contact for classroom related concerns. If further consideration is deemed necessary, the parent may contact the principal/counselor. We need your help and attendance at activities, conferences, participation in the parent volunteer program, committee work, etc. Please look and read our newsletters and plan on joining us whenever possible.

Change of Address: If at any time during the school year a student moves to a different address or receives a new phone number, the change should be reported to the office.

Parent Volunteer Program: If you would like information about the program and you have an hour or more you could provide to our students each week as a tutor, supervisor, etc., please contact the Community Education office at 715-828-4599 ext. 1560. Your assistance would be personally rewarding and greatly appreciated.

Complaint Procedure: Any person or persons desiring to appeal decisions or conditions which have been imposed by staff members of the district shall have the right to do so. The district encourages informal resolution of complaints. (Refer to Board Policy KL) If any person believes that the Unity School District or any part of the school organization has failed to follow the law and rules of s.118.13, Wisconsin Statutes, or in some way discriminates against pupils, he/she may bring or send a complaint to the administration office at the following address: Unity School, Hwy 46 N, P.O. Box 307, Balsam Lake, WI 54810 within five (5) days of being informed of a decision or condition.

Electronic paging and communication devices (cell phones, walkie-talkies) are also prohibited as outlined in School Board policy JFCR. The school will not assist in the recovery of these items. Exceptions to the rule may be made only when items outlined in this section are used for classroom activities and administrative approval is obtained.

5. The parent or legal guardian of a minor student and an adult student has the right to review and file an objection or request for deletion of any material in the folder.

Adding/Dropping Classes

There are required classes for all students in the following academic areas: math, science, social studies, reading, writing and physical education. Students in sixth, seventh and eighth grade have an option of elective courses in band and choir. Any drops or adds must be done with approval of the counselor, parent, and principal and may only occur at the end of a semester. Please contact our school counselor, Douglas Ramich, if you want specific information about programs, class requirements or scheduling concerns.
